Drive Date-Override information sheet posted to TexLinx Resources.

June 30, 2016

The Word version of the TexLinx User Add Form has been replaced. The previous version had a problem with one of the fields for phone number. That issue has now been corrected. This problem did not affect the pdf version so it did not need to be replaced.

June 3, 2016

A pdf document has been added to the TexLinx Resources page to explain character limitations for the fields in TexLinx.

TexLinx Release Notes added to TexLinx Resources.

May 25, 2016

Permissions for canceling a request for pickup or delivery have been disabled. Pages 195 and 196 have been updated to reflect this change in the **TexLinx Instruction Guide**. If you have a printed version, please remove those pages and replace them with the updated pages.

April 1, 2016:

TexLinx has had its first upgrade and the **TexLinx Instruction Guide** has received the following revisions:

1. **TexLinx** branding has replaced the Infolinx logo.
2. **Drive Date** is now required on all applicable tabs.
3. The fields on the **Boxes** tab and the **Microforms** tab have been rearranged to reflect conformity.
4. **Data Sheet** is now available on the **Files** tab.

5. **Box Types** field has been updated in the **Disaster Recovery** tab.
6. **Return Type** field in **Disaster Recovery** has been modified to a single selection: **Will Call**.
7. **Specific Return Date** field has been removed from **Disaster Recovery**. All returns are now scheduled thru **Will Call**.
8. **Film Type** and **Film Size** have some added options in the **Microforms** tab, but these options are selected only by the Imaging Staff at the State Records Center in conjunction with information provided for an Imaging Production work order.
9. **Beginning File | Ending File Range** field label on the **Boxes** tab and on the **Microforms** tab now includes the Pipe symbol (instead of a forward slash or a hyphen) to help reduce confusion.
10. **NEW ACCESSION** is required to be entered into the Comments field on the Request Items to be Picked Up screen when sending items to the State Records Center for the first time.
11. **Fiche Circulation** tab has been added for users to make delivery and pickup requests in TexLinx for individual microfiche jackets. The procedures are explained in the sections **Request Pickup: Returning Microfiche Partial Bundles to the SRC** and **Request Delivery: From the State Records Center: Microfiche Jackets**.
12. Explanation for what happens when something is assigned as **Waitlist** when completing a Request Delivery.
13. New **Appendix** sections in this guide:
